This newly revised manual covers every job you could need from how to keep your classic car's bodywork in superb condition through to total bodywork stripdown and rebuild. Lindsay has written +50 motoring books. There are many horses out there that express discomfort or discontent in a variety

of troublesome ways. These are the common problems riders at all levels deal with on a regular basis, such as bucking, rearing, bolting, pulling, grinding teeth, refusing fences, and running out - to name but a few! Doug Payne has made a name for himself in equestrian circles as the "go-to guy" when it comes to finding a way forward with problem horses. Now he's sharing his tips and techniques for solving some of the most common contact issues, unruly outbursts, and jumping problems that riders experience. Learn about causes for problem behaviour - from physical issues to "holes" in a horse's education - and discover dozens of safe and professionally tested solutions and step-by-step exercises. An insight into the design, construction and operation of the Royal Navy's classic search and rescue helicopter. For more than 25 years the Agusta Westland Sea King has been that most welcome of sights around the English coast, providing essential Search and Rescue (SAR) capabilities for those in peril both on land and at sea. The Royal Navy variant - the Sea King HU Mk 5, which is the main focus of this book - is estimated to have saved literally hundreds of lives. Author and photographer Lee Howard has been given privileged official access to the Navy's SAR air and ground crews to offer fascinating insights into operating, flying and maintaining the Sea King.
