Analysing developments in digital technologies and institutional changes, this book provides an overview of the current frenetic state of transformation within the global automobile industry. An ongoing transition brought about by the relocation of marketing, design and production centres to emerging economies, and experimentation with new mobility systems such as electrical, autonomous vehicles, this process poses the question as to how original equipment manufacturers (OEMs) and newcomers can remain competitive and ensure sustainability. With contributions from specialists in the automobile sector, this collection examines the shifts in power and geographical location occurring in the industry, and outlines the key role that public policy has in generating

innovation in entrepreneurial states. Offering useful insights into the challenges facing emerging economies in their attempts to grow within the automobile industry, this book will provide valuable reading for those researching internationalization and emerging markets, business strategy and more specifically, the automotive industry. Esta historia empieza con un falso abogado, falso agente de la DEA, falso contador y falso agente del servicio de inteligencia argentino. Pero ese es solo el comienzo. Resulta que este falso todo tiene contactos muy reales y muy valiosos en la justicia, el aparato de inteligencia local e internacional y los principales medios de comunicación del país. Y que el falso todo usa esos contactos, y la información que esos contactos le proveen, para ejercer su oficio de extorsionador y traficante de influencias. A la cuarta, quinta extorsión alguien lo graba alardeando de su amistad con un conocido influyente periodista y reuniéndose con un poderoso fiscal en pleno veraneo. Desenmascarado,

el falso todo se monta en la grieta y se declara una víctima del kirchnerismo. Y el coro de fiscales, jueces, legisladores, periodistas, la exministra de Seguridad y luminarias varias que trataban con el falso todo cantan la misma canción, pero por las dudas dejan de atenderle el teléfono. Este libro es una gran historia contada por una periodista que tuvo un acceso privilegiado al juez, al expediente y al juzgado de Dolores y que usó ese privilegio para desandar una trama de suspenso que nada tiene que envidiarle a las mejores novelas del género. Una historia tan falsa como verdadera, tan argenta como universal. Un falso todo (Marcelo D Alessio), de vínculo verdadero con un periodista (Daniel Santoro) y un fiscal (Carlos Stornelli). Un juez (Alejo Ramos Padilla) que los investiga. Una grieta. Un Poder Judicial partido en dos. Un presidente (Mauricio Macri) que quiere frenar la investigación. Una red de espionaje al descubierto. Mentiras verdaderas, jugarretas baratas, movidas de alta política, fallos a medida,

presiones, amenazas, vértigo y traición. Una novela de no ficción que está pasando ahora, en Argentina, que atraviesa nuestras vidas y nos obliga a optar entre ver o no ver lo que no queremos aceptar.
